

Well what can I say, the Club is still there, although membership is very low so could do with some fresh blood. As numbers are so low we cannot really offer club nights, the membership of £70 per adult for the year will basically allow you to play as and when you want. The courts were re-painted last summer so are in good condition and one of the courts has floodlights.

The courts are also available as 'pay and play' for £5 per hour.

Many thanks

Antonia
